

STEP 3 View a summary report of one library's holdings compared to either the Ulrich's Core collection or the Universe of serials. In the summary report you will see quantities and percentages of holdings by subject.

VIEWING YOUR REPORT

Clicking on the Universe or the Core on the "Select Statistics to View" page will bring you to a report, like the one below, where you may select a library from a menu of the loaded collections. From the Summary view, you may switch to a more detailed reporting level, limit your report by certain criteria, or go to a Top Publisher reporting page.

Choose this on the "Select Statistics to View" page to get here.

By selecting these limiters you scale down the size of the universe you are viewing. See below for details.

In this report we see that in the category of Biology our library has 187 titles, which is 6.29 percent of the Ulrich's Core titles in this category. If we **expand** Biology we view a summary screen (page 7) with all subjects in the category of Biology.

SERIALS EVALUATION LIMITERS:

- List Matches** will only show subjects that your library carries in its collections.
- Refereed** will limit your report to peer-reviewed journals.
- Abstracted/Indexed** will limit your report to titles available through A&I services.
- Electronic Journal** will limit your view to titles available in electronic formats.
- ISI Impact Factor** will limit your view to titles with this key industry benchmark.
- Magazines for Libraries** will limit your results to titles recommended by this well-respected serials rating authority. On page 8 you will see that you can link directly from your report to the review.
