

STEP 6 Use the links in the report to view additional information. Subscribers to JCR®Web may view the Impact Factor rating, others may link to details in ulrichsweb.com, such as a review from *Magazines for Libraries*.

CONNECT TO MORE INFORMATION

By selecting an ISSN you will come to the **ulrichsweb.com** full title detail for that serial. See page 11 to learn more about ulrichsweb.com.

By selecting a publisher name you will come to the full list of titles offered by that publisher. You will also find their contact information and other companies associated with them.

Electronic journal format and availability information for a title may be viewed in ulrichsweb.com by selecting the “Yes” link in that column.

ISI Impact Factor shows you that this title can be found

in JCR® Web and has been given an Impact Factor—an ISI measure of the frequency with which an “average” article in the journal has been cited in a year or over a period of time. If your library subscribes to JCR®Web, and you have activated that link in the My Account area, you can go directly to the Impact Factor rating.

Selecting “Review” in the *Magazines for Libraries* column will bring you straight to the full-text review of that title in ulrichsweb.com. After you have read the review you may continue to learn about the title by selecting tabs for the Basic Description, Other Editions/Formats, Publisher & Ordering Information, etc. See page 11.

ISSN	Title	Publisher	List Price	Refereed	Abstracted/Indexed	Electronic Journal	ISI Impact Factor	Magazines for Libraries
0003-2697	Analytical Biochemistry: methods in the biological sciences	Academic Press	USD 4266	Yes	Yes	Yes	Yes	Review

0006-3002	B B A - Biochimica et Biophysica Acta: international journal of biochemistry and biophysics	Elsevier BV	USD 14786	Yes	Yes	Yes		Review
0006-291X	Biochemical and Biophysical Research Communications	Academic Press						

Selecting Review in the *Magazines for Libraries* column will bring you straight to the full-text review for that title in ulrichsweb.com. See page 11 for more information on ulrichsweb.com

The screenshot shows the website interface for 'Aquatic Botany'. At the top, there are navigation links: HOME, MY ACCOUNT, LISTS, HELP, NOTIFY ME, LOGOUT. Below that is a search bar with 'Quick Search' and a 'Go' button. The main content area displays the journal title: 'Aquatic Botany: an international scientific journal dealing with applied and fundamental research on submerged, floating and emergent plants in marine and freshwater ecosystems.' Below the title is a navigation menu with tabs: Basic Description, Other Editions/Formats, Document Access, Publisher & Ordering Information, Advertising, Rights, Demographics, and Reviews. The 'Reviews' tab is highlighted. Below the tabs, there is a section for 'Magazines for Libraries' with a description of the journal and its ISSN (0304-3770). A small thumbnail image of the journal cover is visible on the right side of the page.
